

Dear Friend:

The "To Your Health" license plate or motorcycle plate is quickly becoming a recognizable symbol of the commitment Hoosiers share in providing the best possible access to health information and services. As well, all of us can feel confident that when we purchase the license plate, our money is going directly to organizations working to improve the quality of life of Hoosiers all across the state.

Currently, eight different organizations receive equal portions of the proceeds from the license plate. That is encouraging because, once again, it shows how we have come together to work as partners to make our efforts stronger than would be possible alone. It really is an approach that seems natural to us here in Indiana, because it is the way we approach so many of the issues we face in our local communities and the state.

Please take a few moments to purchase the license plate and join the many people who have put "To Your Health" specialty license plates on their vehicle or motorcycle and put the health of Hoosiers first.

Sincerely,

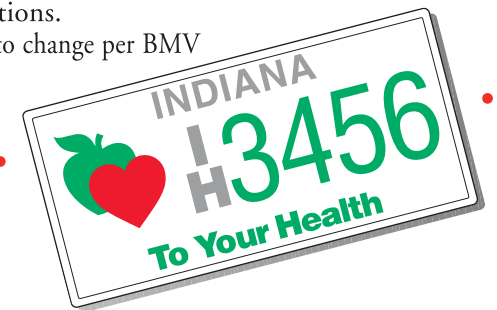

Judy O'Bannon

You can show your support

for these eight organizations and the people they serve by purchasing a *To Your Health* specialty license plate or motorcycle plate from your local Bureau of Motor Vehicles (BMV). The *To Your Health* plate costs \$40.00* annually with \$25.00 from the sale of each plate supporting programs of the eight not-for-profit health organizations and \$15.00* for the special group license plate fee. As the fiscal agent, The Health Foundation of Greater Indianapolis ensures all proceeds are equally divided among the organizations.
